TRAINING: No special training requirements have been identified for any documents issued with this change notice.

REMARKS: IMC 2815 (Construction and Preoperational Inspection of Panoramic, Wet-Source-Storage Gamma Irradiators) has been revised to reflect 10 CFR 36, "Licenses and Radiation Safety Requirements for Irradiators," which was first published in 1993 after the last revision of this manual chapter. Before the rule, Part 30 and Part 20 were the primary regulatory references. In addition, organization changes required revision to 2815-04, "Responsibilities and Authorities."

DISTRIBUTION: Standard
