The Nuclear Regulatory Commission staff will meet with representatives of Nuclear Management Company in Monticello, Minnesota, on Tuesday, March 26, to discuss the results of the agency's annual assessment of safety performance at the Monticello Nuclear Power Plant. The facility is located in Monticello.

The meeting, which will be open to the public for observation, is scheduled to begin at 1 p.m. in the Xcel Energy Training Center, 2100 West River Street, Monticello. Before the meeting is concluded, NRC officials will answer any questions from members of the public.
