

5. Review by the Advisory Committee on Reactor Safeguards

The Advisory Committee on Reactor Safeguards (ACRS) will conduct a review of the 10 CFR Part 54 portion of the McGuire and Catawba license renewal application. The ACRS Subcommittee on Plant License Renewal will continue its detailed review of the McGuire and Catawba license renewal application after this report is issued. Duke Energy Corporation and the staff will meet with the subcommittee and the full committee to discuss issues associated with the review of the application. The meeting will be open to the public.

After the ACRS completes its review of the McGuire and Catawba license renewal application, the full committee will issue a report discussing the results of its review. This report will be included in an update to this SER. The staff will address any issues and concerns identified in that report.
