

APPENDIX A CHRONOLOGY

This appendix contains a chronological listing of routine licensing correspondence between the U.S. Nuclear Regulatory Commission (NRC) staff and Duke Energy Corporation (Duke). This appendix also contains other correspondence regarding the NRC staff's review of the McGuire Nuclear Station, Units 1 and 2, (under docket Nos. 50-369, 50-370), and Catawba Nuclear Station, Units 1 and 2, (under docket Nos. 50-413, and 50-414.)

This appendix contains a chronological listing of routine licensing correspondence between the U.S. Nuclear Regulatory Commission (NRC) staff and Duke Energy Corporation (Duke). This appendix also contains other correspondence regarding the NRC staff's review of the McGuire Nuclear Station, Units 1 and 2, (under docket Nos. 50-369, 50-370), and Catawba Nuclear Station, Units 1 and 2, (under docket Nos. 50-413, and 50-414.)

- May 8, 2001 In a letter (signed by S. Hoffman) NRC issued a public meeting notice for May 21, 2001. In this meeting, Duke planned to discuss schedules for planned license renewals for McGuire and Catawba Nuclear Stations. ACN: ML011290008
- June 5, 2001 In a letter (signed by C. Araguas) NRC issued a public meeting notice for June 20, 2001, between the NRC, Duke, VEPCo, and Exelon. In this meeting the licensees planned to continue discussions from prior meeting on May 21, 2001 on the review schedules for their planned license renewal applications. ACN: ML011560744
- June 6, 2001 In a letter (signed by S. Hoffman) the NRC published a public meeting summary which was held on May 21, 2001, between the NRC, Duke, VEPCo, and Exelon regarding the review schedules for their planned license renewal applications. ACN: ML011590263
- June 7, 2001 In a letter (signed by R. Prato) the summary of a telecommunication between the NRC, VEPCo, and Duke Energy Corporation was published and documented. The telecommunication was held on June 6, 2001. Duke discussed integrated inspection schedule for the license renewal inspection activities planned for McGuire and Catawba Nuclear Stations. ACN: ML011590499
- June 13, 2001 In a letter (signed by M. S. Tuckman) Duke submitted its form and content of License Renewal Application (LRA) and Appendices for McGuire and Catawba Nuclear Stations, Units 1 and 2. ACN: ML011660301
- June 13, 2001 In a letter (signed by M. S. Tuckman) Duke submitted its intent to apply to renew the operating licenses of McGuire and Catawba power stations. In its submittal, Duke provided fourteen copies of the application. ACN: ML011660138

June 13, 2001 In a letter (signed by M. S. Tuckman) Duke submitted two sets of marked flow drawings to aid the NRC in its review of *Application to Renew the Operating Licenses of McGuire Nuclear Station, Units 1 and 2 and Catawba Nuclear Station, Units 1 and 2*. ACN: ML011660168

June 28, 2001 In a letter (signed by M. S. Tuckman) Duke submitted its applications to renew the operating licenses of McGuire and Catawba power stations. In its submittal, Duke provided one hard copy of the applications and 40 copies of applications on CDs. ACN: ML011840032

June 28, 2001 In a letter (signed by R. Franovich) NRC issued a public meeting notice for July 12, 2001. In this meeting, Duke planned to provide the NRC staff with a review of the license renewal applications for McGuire and Catawba Nuclear Stations, and to clarify the organization of the license renewal applications. ACN: ML011800037

July 10, 2001 In a letter (signed by R. Franovich) NRC published a public meeting summary which was held on June 20, 2001, between the NRC, Duke, VEPCo, and Exelon. This meeting was held to continue discussions from prior meeting on May 21, 2001 on the review schedules for their planned license renewal applications. ACN: ML011930405

July 24, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on July 19, 2001, to clarify information provided by Duke in its LRAs technical information Table 3.2-4. ACN: ML012070063

July 26, 2001 In a letter (signed by R. Franovich) NRC published a public meeting summary which was held on July 12, 2001, between the NRC and Duke Energy Corporation regarding LRAs orientation for McGuire and Catawba Nuclear Stations, Units 1 and 2. ACN: ML012080051

August 31, 2001 In a letter (signed by S. Hoffman) NRC issued a public meeting notice for September 19, 2001, between the NRC, Nuclear Energy Institute, SNC, HNP, FPL, Duke, VEPCo, and Exelon. In this meeting the licensees planned to discuss the review status of their LRA. ACN: ML012430275

September 10, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on August 21, 2001, to clarify information provided by Duke in its LRAs on the Boraflex Monitoring Program in Appendix B. ACN: ML012530283

- October 3, 2001 In a letter (signed by R. Franovich) NRC issued a public meeting notice for October 18, 2001, between the NRC and Duke Energy Corporation (Duke) to discuss Scoping Methodology audit in support of license renewal application review for McGuire and Catawba Nuclear Stations, Units 1 and 2. ACN: ML012770008
- October 10, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on September 12, 2001, to clarify information provided by Duke in its LRAs on several waste treatment and disposal systems. ACN: ML012830102
- October 15, 2001 In a letter (signed by R. Franovich) the summary of two telecommunication between the staff and Duke Energy Corporation was published and documented. These telecommunications were held on September 18 and 20, 2001, to clarify information provided by Duke in its McGuire and Catawba LRAs, regarding scoping of structures and components in the fire protection systems. ACN: ML012880370
- October 21, 2001 In a letter (signed by S. Hoffman) NRC issued a public meeting summary which was held on September 19, 2001, between the NRC, Nuclear Energy Institute (NEI), SNC, FPL, VEPCo, Duke, and Exelon regarding the status of license renewal activities. ACN: ML012840369
- November 2, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on October 3, 2001, to clarify information provided by Duke in its McGuire and Catawba LRAs, regarding scoping of structures and components in the fire protection systems. ACN: ML013060438
- November 14, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on October 11, 2001, to clarify information provided by Duke in its McGuire and Catawba LRAs, regarding containment systems. ACN: ML013190029
- November 14, 2001 In a letter (signed by C. Grimes) NRC provided Nuclear Energy Institute, Union of Concerned Scientists, and current license renewal applicants with their proposed staff guidance on station blackout scoping for comments. ACN: ML013180508
- November 15, 2001 In a letter (signed by R. Franovich) NRC issued a public exit meeting summary which was held on October 19, 2001, between the NRC and Duke Energy Corporation (Duke) regarding scoping methodology audit in support of license renewal application review for McGuire and Catawba Nuclear Stations, Units 1 and 2. ACN: ML013190507

- November 23, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on October 11, 2001, to clarify information presented in the LRAs pertaining to aging management programs for structures. ACN: ML013310117
- November 23, 2001 In a letter (signed by C. Grimes) NRC provided Nuclear Energy Institute, Union of Concerned Scientists, and current license renewal applicants with proposed changes to GALL report - Concrete for comments. ACN: ML013300426
- November 23, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on October 15, 2001, to clarify information presented by Duke in its McGuire and Catawba LRAs, Appendix B, Inservice Inspection Plan. ACN: ML013300361
- November 30, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on October 25, 2001, to clarify information presented by Duke in its McGuire and Catawba LRAs, Section 3.5. ACN: ML013370544
- November 30, 2001 In a letter (signed by R. Prato) NRC issued a public meeting notice for December 12, 2001, between the NRC, VEPCo, Duke, Exelon, and Nuclear Energy Institute to discuss license renewal emerging issues. ACN: ML013370001
- December 3, 2001 In a letter (signed by C. Grimes) NRC provided Nuclear Energy Institute, Union of Concerned Scientists, and current license renewal applicants with the license renewal issue - scoping of seismic II/I piping for comments. ACN: ML013380013
- December 11, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on October 30, 2001, to clarify information presented in the LRAs pertaining to aging management programs for mechanical systems and components. ACN: ML013460154
- December 11, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on November 8, 2001, to clarify information presented by Duke in its McGuire and Catawba LRAs, Section B.3.12, Fire Protection Program. ACN: ML013460269

- December 12, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on October 25, 2001, to clarify information presented by Duke in its McGuire and Catawba LRAs, Appendix B. ACN: ML013460417
- December 13, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on November 5, 2001, to clarify information presented by Duke in its McGuire and Catawba LRAs, Appendix B on aging management program for mechanical systems and components. ACN: ML013470364
- December 14, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on December 3, 2001, to clarify information presented by Duke on its McGuire and Catawba LRAs, Section B.3.6. ACN: ML013520129
- December 14, 2001 In a letter (signed by S. Hoffman) NRC issued a public meeting notice for January 8, 2002, between the NRC, SNC, FPL, VEPCo, Duke, and Exelon. In this meeting, the review status and other activities associated with LRAs will be discussed. ACN: ML013510294
- December 18, 2001 In a letter (signed by R. Prato) NRC issued a public meeting notice for January 10, 2002, between the NRC, VEPCo, Duke, Exelon, and Nuclear Energy Institute to discuss license renewal station blackout issues. ACN: ML013600335
- December 27, 2001 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on November 13, 2001, to clarify information presented by Duke in its McGuire and Catawba LRAs, Sections 2.5, 3.6, and B.3.19. ACN: ML013650428
- January 10, 2002 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on November 20, 2001, to clarify information presented by Duke in its McGuire and Catawba LRAs, Section 4.6. ACN: ML020110099
- January 11, 2002 In a letter (signed by D. Solorio) NRC issued a public meeting notice for January 15, 2002, where Nuclear Energy Institute and current license renewal applicants planned to follow-up on the January 10, 2002 meeting regarding the license renewal station blackout issue. ACN: ML020110589
- January 15, 2002 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and

documented. The telecommunication was held on November 28, 2001, to clarify information presented by Duke in its McGuire and Catawba LRAs, Sections 2.3.2 and 2.3.3. ACN: ML020170132

January 15, 2002 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on November 27, 2001, to clarify information presented by Duke in its McGuire and Catawba LRAs, Sections 2.3.4, 2.3.3.27, 2.3.3.34, and 2.3.3.36. ACN: ML020160418

January 17, 2002 In a letter (signed by R. Franovich) the NRC staff requested additional information (RAI) regarding Sections 2.5, 3.6, and B.3.19 of McGuire and Catawba LRAs. ACN: ML020180061

January 17, 2002 In a letter (signed by R. Franovich) the NRC staff requested additional information (RAI) regarding Sections 2.1 and B.2 of McGuire and Catawba LRAs. ACN: ML020220034

January 17, 2002 In a letter (signed by P. Kang) NRC issued a public meeting notice for February 14, 2002, between the NRC, NEI, and current license renewal applicants to discuss revised sections of Chapters II and III of the GALL report on aging management of concrete elements. ACN: ML020220005

January 17, 2002 In a letter (signed by R. Prato) NRC issued a public meeting summary which was held on December 12, 2001, between the NRC, VEPCo, Duke, Exelon, and Nuclear Energy Institute (NEI) regarding license renewal Emerging Issues. ACN: ML020300004

January 22, 2002 In a letter (signed by R. Prato) NRC published a public meeting summary which was held on January 10, 2002, between the NRC, VEPCo, Duke, Exelon, Nuclear Energy Institute, and Nuclear Information and Resource Service regarding the scope of station blackout specific to license renewal. ACN: ML020220351

January 23, 2002 In a letter (signed by R. Franovich) the NRC staff requested additional information (RAI) regarding Sections 2.2 of McGuire and Catawba LRAs. ACN: ML020290102

January 23, 2002 In a letter (signed by R. Franovich) the NRC staff requested additional information (RAI) regarding Sections 2.3.2 of McGuire and Catawba LRAs. ACN: ML020240249

January 24, 2002 In a letter (signed by R. Franovich) the NRC staff requested additional information (RAI) regarding Sections 3.3 of McGuire and Catawba LRAs. ACN: ML020240265

January 28, 2002 In a letter (signed by R. Franovich) the NRC staff requested additional information (RAI) regarding Sections 2.3.3 of McGuire and Catawba LRAs. ACN: ML020320212

January 28, 2002 In a letter (signed by C. Grimes) NRC provided Nuclear Energy Institute, Union of Concerned Scientists, and current license renewal applicants with their proposed guidance on aging management of fire protection systems comments. ACN: ML020320437

January 28, 2002 In a letter (signed by C. Grimes) NRC requested comments from Nuclear Energy Institute, Union of Concerned Scientists, and current license renewal applicants on the revised proposed guidance on station blackout scoping. ACN: ML020300294

January 28, 2002 In a letter (signed by R. Franovich) the NRC staff requested additional information (RAI) regarding Sections 3.2 of McGuire and Catawba LRAs. ACN: ML020320010

January 28, 2002 In a letter (signed by R. Franovich) the NRC staff requested additional information (RAI) regarding Appendix B, Aging Management Programs (Mechanical Systems), of McGuire and Catawba LRAs. ACN: ML020310200

January 28, 2002 In a letter (signed by R. Franovich) the NRC staff requested additional information (RAI) regarding Sections 2.3.1, 3.1, 4.2, 4.3, 4.7.1, and Appendix B of McGuire and Catawba LRAs. ACN: ML020310255

January 28, 2002 In a letter (signed by R. Franovich) the NRC staff requested additional information (RAI) regarding Sections 2.4, 3.5, 4.6, 4.7.3, and Appendix B of McGuire and Catawba LRAs. ACN: ML020320165

January 30, 2002 In a letter (signed by R. Franovich) the NRC staff requested additional information (RAI) regarding Section 3.1 and Appendix B, section B.3.27 of McGuire and Catawba LRAs. ACN: ML020350542

January 31, 2002 In a letter (signed by P. Kang) NRC issued a public meeting notice for February 14, 2002, between NRC, NEI, and current license renewal applicants in order to discuss station blackout issues related to license renewal. This meeting is a follow-up to discussions initiated in public meeting held on January 10 and 15, 2002. ACN: ML020320079

February 5, 2002 In a letter (signed by P. Kang) NRC published a public meeting summary which was held on January 15, 2002, between the NRC, NEI, and current license renewal applicants. This meeting was held to continue the discussion that began with the January 10, 2002 on Station Blackout issues related with license renewal. ACN: ML020380195

February 11, 2002 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on January 9, 2002, to clarify information presented by Duke in its McGuire and Catawba LRAs, Sections 3.1, B.3.1, B.3.26, B.3.27, B.3.31, and 4.2.1. ACN: ML020420453

February 13, 2002 In a letter (signed by D. Solorio) NRC published a public meeting notice for February 25, 2002, between the NRC, NEI, and current license renewal applicants. Implementation details of the license renewal interim staff guidance process will be discussed. ACN: ML020460082

February 21, 2002 In a letter (signed by S. Hoffman) NRC published a public meeting summary which was held on January 8, 2002, between the NRC, SNC, FPL, VEPCo, Duke, and Exelon regarding the progress of license renewal application reviews. ACN: ML020560022

February 25, 2002 In an e-mail communication (sent by R. Gill) Duke informs NRC that they have no comment on the summary of a telecommunication between the NRC and Duke which was held on February 21, 2002, to clarify information found in the LRAs for McGuire and Catawba. ACN: ML021440327

February 27, 2002 In an e-mail communication (sent by R. Gill) Duke requested clarification of NRC staff's request for additional information (RAI) 2.3-4. ACN: ML021440321

March 1, 2002 In a letter (signed by M. S. Tuckman) Duke submitted its response to the NRC staff's request for additional information (RAIs) dated January 17 and 23, 2002, regarding the scoping and screening methodology of McGuire and Catawba LRAs. ACN: ML020640428

March 1, 2002 Letter from Duke signed by M. S. Tuckman responding to request for additional information (RAIs) on scoping and screening methodology, plant level scoping results. ACN: not given yet

March 1, 2002 In a letter (signed by C. Grimes) NRC requested comments from Nuclear Energy Institute Union of Concerned Scientists, and current license renewal applicants on the revised proposed guidance on station blackout scoping. ACN: ML020600100

March 6, 2002 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on February 21, 2002, to clarify information presented by Duke in its McGuire and Catawba LRAs, Section 2.4.2. ACN: ML020660073

March 7, 2002 In a letter (signed by P. Kang) NRC published a public meeting summary which was held on February 14, 2002, between the NRC, NEI, and current license renewal applicants regarding revised guidance on station blackout scoping. ACN: ML020700212

March 8, 2002 In a letter (signed by M. S. Tuckman) Duke submitted its response to the NRC staff's request for additional information (RAIs) dated January 17, 2002, regarding Sections 2.5, 3.6, and Appendix B Section B.3.19 of McGuire and Catawba LRAs. ACN: ML020740025

March 11, 2002 In a letter (signed by M. S. Tuckman) Duke submitted its response to the NRC staff's request for additional information (RAIs) dated January 28, 2002, regarding Sections 2.4, 3.5, 4.6, 4.7.3, and Appendix B of McGuire and Catawba LRAs. ACN: ML020770266

March 13, 2002 In a letter (signed by S. Hoffman) NRC published a public meeting notice for April 8, 2002, between the NRC, NEI, and current license renewal applicants to discuss the status of the renewal applications and generic license renewal activities. ACN: ML020720270

March 15, 2002 In a letter (signed by K. S. Canady) Duke submitted its response to the NRC staff's request for additional information (RAIs) dated January 23 and 28, 2002, regarding aging management review of auxiliary systems and of engineered safety features including aging management programs for mechanical systems for McGuire and Catawba LRAs. ACN: ML020810451

March 15, 2002 In a letter (signed by C. Grimes) NRC requested comments from Nuclear Energy Institute Union of Concerned Scientists, and current license renewal applicants on the License Renewal Issue: Guidance on 54.4 (a) (2) Scoping. ACN: ML020770026

March 22, 2002 In a letter (signed by P. Kang) NRC published a public meeting notice for April 10, 2002, between the NRC, NEI, and current license renewal applicants to discuss revised sections of Chapter II and III of the GALL report on aging management program of concrete elements and other ongoing emerging issues related to license renewal. ACN: ML020840411

March 22, 2002 In a letter (signed by P. Kang) NRC published a public meeting notice for April 10, 2002, between the NRC, NEI, and current license renewal applicants to discuss the staff proposed guidance for aging management of fire protection systems in the GALL report. ACN: ML020840444

April 1, 2002 In a letter (signed by D. Matthews) NRC submitted a copy of the revised staff position on scoping station blackout equipment for license renewal and clarified the use of alternate ac power sources. ACN: ML020920464

April 4, 2002 In a letter (signed by P. Kang) NRC published a public meeting summary which was held on February 14, 2002, between the NRC, NEI, and current license renewal applicants regarding revisions to GALL Chapters II and III. ACN: ML020940312

April 5, 2002 In a letter (signed by C. Grimes) NRC informed NEI and current license renewal applicants of its Staff's Response to Industry's Proposed Changes to GALL Chapters II and III on Aging Management of Concrete Elements. ACN: ML020980194

April 5, 2002 In an e-mail communication (sent by G. Robison) Duke submitted slides for "Duke/NRC Management Meeting" to be held on April 8, 2002. ACN: ML021440276

April 5, 2002 In an e-mail communication (sent by G. Robison) Duke clarified information found on their slides pertaining to the request for additional information (RAI). The applicants e-mail clarification to staff's questions is docketed and available to public. ACN: ML021440270

April 15, 2002 In a letter (signed by M.S. Tuckman) Duke submitted its response to the NRC staff's request for additional information (RAIs) dated January 23 and 28, 2002 and March 1, 8, and 15, 2002, regarding Sections 2.1-2a, 2.1-2b, 2.3.1,2.3.2, 2.3.3, 3.1, 3.2-1, 3.3-1, 3.3-2, 4.2, 4.3, 4.7.1, B.3.19-1, B.3.19-2, and several sections of Appendix B of McGuire and Catawba LRAs. ACN: ML021120015

April 22, 2002 In a letter (signed by P. Kang) NRC published a public meeting summary which was held on April 10, 2002, between the NRC, NEI, and current license renewal applicant regarding staff guidance on license renewal Issues. ACN: ML021120407

April 22, 2002 In a letter (signed by N. Dudley) NRC published a public meeting summary which was held on April 8, 2002, between the NRC, OPPD, FPL, VEPCo, Duke, and Exelon regarding the progress of license renewal application reviews. ACN: ML021130114

May 2, 2002 In an e-mail communication (sent by R. Franovich) NRC submitted its staff comments on responses to request for additional information (RAI) in AMR for Aux Systems (Section 3.3 of LRA). The NRC's e-mail response to Duke's responses is docketed and available to public. ACN: ML021440217

May 5, 2002 In a letter (signed by V. McCree) NRC sent Duke Energy Corporation their Inspection Report. ACN: ML021280003

May 6, 2002 In an e-mail communication (sent by R. Gill) Duke informed NRC of where they could find the power head inspection letter as it relates to Duke's response to NRC staff's request for additional information (RAIs) B.3.9-1. ACN: ML021440263

May 6, 2002 In an e-mail communication (sent by R. Gill) Duke submitted its follow-up response to the NRC staff's request for additional information (RAI) 2.3.3.8-7. The applicant's e-mail response to staff's questions is docketed and available to public. ACN: ML021440229

May 10, 2002 In an e-mail communication (sent by G. Robison) Duke submitted its response to the NRC staff's request for additional information (RAIs) associated with auxiliary systems. The applicant's e-mail response to staff's questions is docketed and available to public. ACN: ML021440236

May 10, 2002 In an e-mail communication (sent by R. Nader) Duke discussed fire protection scoping RAIs. ACN: ML021440245

May 14, 2002 In an e-mail communication (sent by R. Franovich) NRC requested additional information on TLAAs 4.2.1 and 4.2.2. ACN: ML021440255

May 16, 2002 In an e-mail communication (sent by R. Franovich) Duke requested the status of fire protection and Section (a)(2) regarding nonsafety-related systems. The applicant's e-mail request to staff is docketed and available to public. ACN: ML021440259

June 7, 2002 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on May 24, 2002, to clarify information provided by Duke in its LRA Section 2.1. ACN: ML021620457

June 7, 2002 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on May 28, 2002, to clarify information provided by Duke in its LRA Section 3.5. ACN: ML021700648

June 19, 2002 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on June 5, 2002, to clarify information provided by Duke in its LRA Section B.3.26. ACN: ML021700621

June 19, 2002 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on June 4, 2002, to clarify information provided by Duke in its LRA Section 4.3. ACN: ML021750433

June 24, 2002 In a letter (signed by R. Franovich) the summary of a telecommunication between the staff and Duke Energy Corporation was published and documented. The telecommunication was held on May 29, 2002, to clarify information provided by Duke in its LRA Sections 3.6 and B.3.19. ACN: ML021620496

June 25, 2002 In a letter (signed by M. S. Tuckman) Duke submitted Amendment I to the application to renew the facility operating licenses of McGuire and Catawba Nuclear Stations, Units 1 and 2. ACN: ML021840126

June 25, 2002 In a letter (signed by M. S. Tuckman) Duke submitted a drawing MCFD-01-01 which is part of Amendment I to the application to renew the facility operating licenses of McGuire and Catawba Nuclear Stations, Units 1 and 2. ACN: ML021920158

June 26, 2002 In a letter (signed by M. S. Tuckman) Duke submitted its response to the NRC staff's request for additional information (RAIs) dated January 17, 2002, regarding Sections 2.5-1 and 2.5-2 of McGuire and Catawba LRAs. ACN: ML021840103

June 26, 2002 In a letter (signed by R. Franovich) NRC provided Duke potential safety evaluation report open items regarding the license renewal application for McGuire and Catawba Nuclear Stations, Units 1 and 2. ACN: ML021770454

July 9, 2002 In a letter (signed by M. S. Tuckman) Duke submitted its response to the NRC staff's request for additional information (RAIs) dated June 26, 2002, regarding 29 open items and 10 confirmatory items found during the process of preparing its Safety Evaluation Report on the McGuire and Catawba LRAs. ACN: ML021960467

APPENDIX B REFERENCES

This appendix contains a listing of references used in the preparation of the Safety Evaluation Report prepared during the review of the license renewal application for McGuire 1 and 2, Docket Numbers 50-369 and 50-370, and Catawba 1 and 2, Docket Numbers 50-413 and 50-414.

American Society of Mechanical Engineers (ASME)

ASME Boiler and Pressure Vessel Code, Section III, Subsection NB, *Class 1 Components*.

ASME Boiler and Pressure Vessel Code, Section III, Subsection NG, *Core Support Structures*.

ASME Boiler and Pressure Vessel Code, Section XI, Subsection IWB, *Requirements for Class 1 Components of Light-Water Cooled Power Plants*.

ASME Boiler and Pressure Vessel Code, Section XI, Subsection IWC, *Requirements for Class 2 Components of Light-Water Cooled Power Plants*.

ASME Boiler and Pressure Vessel Code, Section XI, Appendix G, *Fracture Toughness Criteria for Protection Against Failure*.

ASME Boiler and Pressure Vessel Code, Code Case N-481, *Alternative Examination Requirements for Cast Austenitic Pump Casings, Section XI, Division 1*.
