NRC TO HOST OPEN HOUSE SEPTEMBER 17 IN NEVADA

Nuclear Regulatory Commission staff representatives in Nevada will host an informal open house September 17 in Las Vegas to discuss their role in regulating the safety of the proposed high-level nuclear waste disposal facility at Yucca Mountain, Nevada, with citizens of the local community.

The session will be from 7 to 9 p.m. at the Clark County Transportation Building, 4701 W. Russell Road, Las Vegas. Members of the public are encouraged to attend, meet NRC staff representatives, provide comments and ask questions.

The NRC's on-site representatives in Nevada are Robert M. Latta and Jack D. Parrott. NRC nuclear waste management and transportation officials from Rockville, Maryland, will also be present and available for one-on-one discussions.
