

JAC'S MEMO TO IG ON MOU

JUL 15 1991

- 1 -

MEMORANDUM FOR: David C. Williams, Inspector General
Office of the Inspector General

FROM: Robert M. Bernero, Director
Office of Nuclear Material Safety and Safeguards

SUBJECT: DRAFT MEMORANDUM OF UNDERSTANDING BETWEEN THE U.S. NUCLEAR
REGULATORY COMMISSION AND THE OFFICE OF THE U.S. NUCLEAR
WASTE NEGOTIATOR

Enclosed for your review and comment is a copy of a draft Memorandum of Understanding (MOU) between the U.S. Nuclear Regulatory Commission (NRC) and the Office of the U.S. Nuclear Waste Negotiator (ONWN). This MOU is essentially a revision of the existing agreement between the ONWN and the U.S. Department of Energy. The revisions incorporated into this MOU primarily reflect the NRC's regulatory role and mission in the national high-level radioactive waste program. The draft is being provided simultaneously to the ONWN. The Office of Nuclear Material Safety and Safeguards staff contact for this MOU is Mr. Joe Holonich. He can be reached at extension 23391.

DRAFT

FIRST MEMORANDUM OF UNDERSTANDING
BETWEEN THE
OFFICE OF THE U.S. NUCLEAR WASTE NEGOTIATOR
AND THE
U.S. NUCLEAR REGULATORY COMMISSION

I. INTRODUCTION

This MEMORANDUM OF UNDERSTANDING (MOU) outlines the initial procedures for interactions between the Office of the U.S. Nuclear Waste Negotiator (ONWN) and the U.S. Nuclear Regulatory Commission (NRC) in carrying out the Nuclear Waste Policy Amendments Act of 1987 (title V of Public Law 100-203),¹ which amended the Nuclear Waste Policy Act of 1982 (Public Law 97-425) (the Act) and, inter alia, created the ONWN. The ONWN is an independent establishment in the Executive Branch, separate from NRC and all other operating departments and agencies of the Federal Government. This independence facilitates the mission of the ONWN to find States or Indian Tribes willing to negotiate regarding the siting of a monitored retrievable storage facility or a permanent repository within their jurisdictions as part of an integrated waste management system for the disposal of spent nuclear fuel and high-level radioactive waste.

II. PURPOSE

The purpose of this MOU is to establish a working relationship between the ONWN and NRC that assures a timely flow of information between the parties;

¹ 42 U.S.C. 10241 et seq.

provides the ONWN with use of such NRC services, facilities, and personnel as the NRC's Chairman determines appropriate; and maintains each party's independence.

III. AUTHORITY

This MOU is entered into under the authority of section 409 of the Act (42 U.S.C. 10249), which provides that each department, agency, and instrumentality of the United States may furnish the Negotiator such information as he determines to be necessary to carry out the functions of the ONWN, and under the authority of section 408 of the Act (42 U.S.C. 10248(4)), which specifies that the Negotiator may utilize the services, personnel, and facilities of other Federal agencies, subject to the consent of the head of any such agency.

IV. MATTERS NOT ADDRESSED

Subsequent MOU's between the parties addressing procedures and relations regarding other provisions of the Act may be entered into at a later date.

V. POLICY

The working relationship of the parties under this MOU will be consistent with the provisions of the Act related to high-level nuclear waste regulatory matters associated with a monitored retrievable storage facility and a

geologic repository including transportation and safeguards. The NRC will respond in a timely manner to all written requests made by the ONWN to NRC for services, personnel, facilities, or information, subject to the discretion of the NRC's Chairman and as permitted by law.

Information made available to the ONWN under this agreement may be used at that agency's option in carrying out its responsibilities under the Act. The ONWN and NRC contemplate that all information requested and provided would be information that may be released to the public.

VI. POINTS OF CONTACT

The points of contact for routine daily communication between the ONWN and NRC will be Counsel for the ONWN located in the Washington, D.C. liaison office and the Director of the Office of Nuclear Material Safety and Safeguards within NRC.

VII. SUPPLEMENTAL INTERAGENCY AGREEMENTS

Unless otherwise agreed by the NRC's Chairman and the Negotiator, when requested by the Negotiator to provide services, personnel, facilities or information, NRC shall determine whether compliance with such requests will be in furtherance of its purposes, responsibilities, and obligations. To the extent NRC determines that compliance is in furtherance of such purposes, responsibilities, and obligations, it will assume the costs of such compliance.

DRAFT

If it is determined that a commitment, obligation, or transfer of funds is required, the details of the levels of support to be furnished by one organization to the other, with respect to funding, will be developed in specific interagency agreements.

All obligations or expenditures emanating from activities conducted under this MOU or any subsequent interagency agreements are subject to the availability of appropriated funds.

VIII. AMENDMENT OR TERMINATION

This MOU may be modified, amended, or terminated by mutual written agreement, or may be terminated unilaterally by either part upon thirty (30) days written notice to the other party.

IX. EFFECTIVE DATE

This MOU shall be effective upon execution by the Negotiator and the NRC's Chairman.
