Division of Risk Assessment  
Office of Nuclear Reactor Regulation

SUBJECT: SUMMARY OF NOVEMBER 29, 2007, CATEGORY 2 MEETING ON  
FREQUENTLY ASKED QUESTION PROCESS REGARDING NATIONAL  
FIRE PROTECTION ASSOCIATION STANDARD 805

On November 29, 2007, the U.S. Nuclear Regulatory Commission (NRC) staff held a meeting with stakeholders and the public to discuss Frequently Asked Questions (FAQs) at plants that are adopting National Fire Protection Association (NFPA) Standard 805. Licensees introduced and discussed revised versions of two FAQs (06-0012 and 06-0025) and introduced one new FAQ (07-0041). The NRC staff presented written comments on one FAQ (07-0039). Technical agreement was reached on two FAQs (06-0012 and 07-0031). Licensees and NRC staff also discussed the remaining open FAQs. The participants determined that both industry stakeholders and the NRC staff needed to continue to work on the remaining open FAQs.

All participants agreed that the December meeting would be a teleconference on December 20, 2007.

The revised FAQs, new FAQ, and NRC comments introduced at the meeting are available in the Agencywide Documents Access and Management System. The accession numbers for the revised FAQs are ML073320028 and ML073200459. The accession number for the new FAQ is ML073310447. The accession number for the staff comments is ML073330556. The October Nuclear Energy Institute NFPA 805 Task Force FAQ Log, a meeting handout, is available at ML073060555. Two other handouts are available at ML073330154 and ML073330203.

A list of meeting attendees is enclosed with this memorandum.
