MEMORANDUM TO: Alexander R. Klein, Chief
Fire Protection Branch
Division of Risk Assessment
Office of Nuclear Reactor Regulation

FROM: Charles E. Moulton, Fire Protection Engineer */RA/*
Fire Protection Branch
Division of Risk Assessment
Office of Nuclear Reactor Regulation

SUBJECT: SUMMARY OF JANUARY 24, 2008, CATEGORY 2 MEETING
REGARDING THE NATIONAL FIRE PROTECTION ASSOCIATION
STANDARD 805 FREQUENTLY ASKED QUESTION PROCESS

On January 24, 2008, the U.S. Nuclear Regulatory Commission (NRC) staff held a meeting with stakeholders and the public to discuss Frequently Asked Questions (FAQs) at plants that are adopting National Fire Protection Association (NFPA) Standard 805. Licensees introduced and discussed revised versions of two FAQs (07-0033 and 07-0036). The NRC staff introduced one new FAQ (08-0042). Licensees and NRC staff discussed the remaining open FAQs. The participants determined that both industry stakeholders and the NRC staff needed to continue to work on the remaining open FAQs.

Participants discussed the schedule for the new revision of Nuclear Energy Institute 04-02 "Guidance for Implementing a Risk-Informed, Performance-Based Fire Protection Program Under 10 CFR 50.48(c)." The participants agreed that the new revision would be submitted to the NRC for review by mid-February, 2008.

All participants agreed that the February FAQ meeting would be a teleconference on February 21, 2008, and that the March meeting would take place at Nuclear Energy Institute (NEI) headquarters on March 27, 2008.

The revised FAQs and the new FAQ are available in the Agencywide Documents Access and Management System. The accession numbers for the revised FAQs are ML073550023 and ML073550025. The accession number for the new FAQ is ML080230438. The December NEI NFPA 805 Task Force FAQ Log, a meeting handout, is available at ML080300351. Two other handouts are available at ML080300347 and ML080300349.

A list of meeting attendees is enclosed with this memorandum.
