NRC's FUEL CYCLE INFORMATION EXCHANGE (FCIX)

Welcome!

The U.S. Nuclear Regulatory Commission (NRC) is hosting the third annual Fuel Cycle Information Exchange (FCIX) from June 17 to June 19, 2008. The exchange is open to the public. FCIX will take place in the Two White Flint North Auditorium from June 17 to June 18, 2008, and in the Commission Hearing Room on June 19, 2008. Both are located at NRC Headquarters, 11555 Rockville Pike, Rockville, MD.

The FCIX allows an opportunity for NRC staff, licensees, and other stakeholders to discuss the regulation of civilian nuclear fuel cycle facilities.

Speakers from the NRC, the Nuclear Energy Institute (NEI), and the International Atomic Energy Agency (IAEA), as well as fuel cycle licensees and stakeholders, will present. There will be an opportunity for discussion on each subject.

Copies of the presentations and a summary of the meeting will be posted at the NRC Web site under Conferences and Symposia at:
