SUBJECT: SUMMARY OF JULY 24, 2008, CATEGORY 2 MEETING REGARDING
THE NATIONAL FIRE PROTECTION ASSOCIATION STANDARD 805
FREQUENTLY ASKED QUESTION PROCESS

On July 24, 2008, the U.S. Nuclear Regulatory Commission (NRC) staff held a meeting, via teleconferencing, with stakeholders and the public to discuss Frequently Asked Questions (FAQs) at plants that are adopting National Fire Protection Association (NFPA) Standard 805. Licensees introduced and discussed revisions of two FAQs (07-0038 and 07-0040) and discussed their comments on FAQ 07-0035. Technical agreement was reached on FAQ 07-0040, pending a revision to correct a typo. This additional revision was received shortly after the conclusion of the meeting. The participants also agreed that FAQ 06-0004 should be withdrawn and re-submitted at a later date with additional information. Licensees briefly described two FAQs that they plan to introduce at a later date. Licensees and the NRC staff discussed the remaining open FAQs. The participants determined that both industry stakeholders and the NRC staff needed to continue to work on the remaining open FAQs.

Participants agreed that the August FAQ meeting would take place on August 21, 2008.

The meeting handouts are available in the Agencywide Documents Access and Management System. The accession numbers for the revised FAQs are ML081960523, ML082070249, and ML082100034. The accession number for the licensee comments is ML081960709. The June NEI NFPA 805 Task Force FAQ Log, a meeting handout, is available at ML081960702. Two other handouts are available at ML082100037 and ML082100039.

A list of meeting attendees is enclosed with this memorandum.
