MEMORANDUM TO: Alexander R. Klein, Chief
Fire Protection Branch
Division of Risk Assessment
Office of Nuclear Reactor Regulation

FROM: Charles E. Moulton, Fire Protection Engineer */RA/*
Fire Protection Branch
Division of Risk Assessment
Office of Nuclear Reactor Regulation

SUBJECT: SUMMARY OF JULY 23, 2009, CATEGORY 2 MEETING REGARDING
THE NATIONAL FIRE PROTECTION ASSOCIATION STANDARD 805
FREQUENTLY ASKED QUESTION PROCESS

On July 23, 2009, the U.S. Nuclear Regulatory Commission (NRC) staff held a meeting with stakeholders and the public to discuss Frequently Asked Questions (FAQs) at plants that are adopting National Fire Protection Association (NFPA) Standard 805. Licensees and the NRC staff discussed the currently open FAQs. The participants determined that both industry stakeholders and the NRC staff needed to continue to work on the remaining open FAQs.

Participants discussed publicly available NRC draft interim position on a FAQ (08-0046) related to NUREG/CR-6850, and licensees were given the opportunity to ask clarifying questions. Licensees stated that they expected to have comments on the draft interim positions.

NRC staff presented updated schedules for the review of the pilot plants' license amendment requests and development of NFPA 805 infrastructure.

Participants agreed that the next FAQ meeting would take place on August 27, 2009.

The meeting handouts are available in the Agencywide Documents Access and Management System. The accession numbers for the draft interim position is ML091750338. The accession number for the schedule update is ML092080289. The May NEI NFPA 805 Task Force FAQ Log, a meeting handout, is available at ML091420184. Two other handouts are available at ML092080278, and ML092080281.

A list of meeting attendees is enclosed with this memorandum.
