MEMORANDUM TO: Alexander R. Klein, Chief  
Fire Protection Branch  
Division of Risk Assessment  
Office of Nuclear Reactor Regulation

FROM: Charles E. Moulton, Fire Protection Engineer */RA/*  
Fire Protection Branch  
Division of Risk Assessment  
Office of Nuclear Reactor Regulation

SUBJECT: SUMMARY OF SEPTEMBER 30, 2009, CATEGORY 2 MEETING  
REGARDING THE NATIONAL FIRE PROTECTION ASSOCIATION  
STANDARD 805 FREQUENTLY ASKED QUESTION PROCESS

On September 30, 2009, the U.S. Nuclear Regulatory Commission (NRC) staff held a meeting, via teleconferencing, with stakeholders and the public to discuss Frequently Asked Questions (FAQs) at plants that are adopting National Fire Protection Association (NFPA) Standard 805. Licensees and the NRC staff discussed the currently open FAQs. The NRC staff presented comments regarding FAQ 09-0057. The participants determined that both industry stakeholders and the NRC staff needed to continue to work on the remaining open FAQs.

NRC staff presented updated schedules for the review of the pilot plants' license amendment requests and development of NFPA 805 infrastructure.

Participants agreed that the next FAQ meeting would take place on October 22, 2009. The remaining meetings for 2009 will take place on November 19 and December 17. All three of these meetings will be held at NRC headquarters.

The meeting handouts are available in the Agencywide Documents Access and Management System. The accession number for the staff comments on FAQ 09-0057 is ML092740681. The accession number for the schedule update is ML092740693. The August NEI NFPA 805 Task Force FAQ Log, a meeting handout, is available at ML092570521. The NRC NFPA 805 FAQ status and history document is available at ML092740687.

A list of meeting attendees is enclosed with this memorandum.
