Telephone Conference Call Summary

AREVA Enrichment Services Transmission Lines to the Proposed Eagle Rock Enrichment Facility

Date and Time: 2:00 P.M. (EDT); October 22, 2009

Call Participants: S. Lemont, U.S. Nuclear Regulatory Commission (NRC)
C. Marco, NRC
J. Olmstead, NRC
B. Reilly, NRC
C. Safford, NRC
B. Biber, Argonne National Laboratory (Argonne)
P. Ballard, AREVA Enrichment Services (AES)
G. Harper, AES
J. Kay, AES
R. Poyser, AES
S. Thomson, AES

The purpose of the conference call was to discuss AES's plans for a transmission line or lines to the Eagle Rock facility. During the conference call, NRC staff sought clarification on the planned route(s) for any transmission lines, locations of substations, the federal lands that may be involved, information on existing rights of way, whether alternate routes are under consideration, plans for gathering information for a supplement to the Environmental Report, and the outcomes of any discussions that AES has had with federal or other agencies or organizations. The NRC staff indicated that the information provided by AES was helpful and that further discussion on this matter would occur internally and with the Bureau of Land Management.
