

July 18, 2011

LICENSEE: Florida Power Corporation

FACILITY: Crystal River Unit 3 Nuclear Generating Plant

SUBJECT: SUMMARY OF PUBLIC MEETINGS CONDUCTED TO DISCUSS THE DRAFT SUPPLEMENTAL ENVIRONMENTAL IMPACT STATEMENT RELATED TO THE REVIEW OF THE CRYSTAL RIVER UNIT 3 NUCLEAR GENERATING PLANT LICENSE RENEWAL APPLICATION (TAC NO. ME0278)

On Tuesday, June 28, 2011, members of the U.S. Nuclear Regulatory Commission (NRC) staff held public meetings in Crystal River, Florida, concerning the staff's environmental review of the application submitted by Florida Power Corporation for renewal of the Crystal River Unit 3 Nuclear Generating Plant (CR-3) operating license. The purpose of the meetings was to provide the public with an opportunity to comment on the draft supplemental environmental impact statement (SEIS) which was issued in May 2011. The public meetings were held at the Plantation Inn in Crystal River, Florida.

The draft SEIS is a plant-specific supplement for CR-3 to the "Generic Environmental Impact Statement for License Renewal of Nuclear Plants" (NUREG-1437). The NRC staff described the overall license renewal process, provided a description of the National Environmental Policy Act review process, and discussed the environmental requirements outlined in Title 10 of the *Code of Federal Regulations* Part 51 (10 CFR Part 51). The NRC staff also described the preliminary results of their analyses. The environmental impacts of continued operation were predicted to be small in all areas with the exception of aquatic resources which has small to moderate impacts. The impacts of alternatives (including the no-action alternative) were predicted to have impacts in at least some environmental aspects that could reach moderate or large significance.

After the formal presentations were given by the NRC staff, members of the public were invited to provide comments. Approximately 80 people attended the two sessions. Attendees included members of the public, representatives of the NRC and Progress Energy, and the news media.

In an effort to improve communication and increase interaction with members of the public, the NRC staff conducted open houses for one hour before each meeting and encouraged the public to submit meeting feedback forms. The staff provided displays and brochures and met with members of the public to answer questions about the proposed renewal of CR-3.

A combined listing of attendees for both sessions is provided in Enclosure 1. Enclosure 2 is a copy of the meeting handouts provided during the public meeting open house, including the agenda. The official transcripts for both meetings and any written comments submitted during the meetings are publicly available at the NRC Public Document Room (PDR), located at One White Flint North, 11555 Rockville Pike, Rockville, MD 20852, or from the NRC's Agencywide Documents Access and Management System (ADAMS). The ADAMS Public Electronic Reading Room is accessible at <http://www.nrc.gov/reading-rm/adams.html>. The transcripts for the afternoon and evening meetings are listed under Accession Nos. ML111940286, and ML111940362, respectively. A copy of the slides used during the NRC's presentation is also available in ADAMS under Accession No. ML11180A275. Persons who do not have access to ADAMS, or who encounter problems in accessing the documents located in ADAMS, should contact the NRC's PDR reference staff by telephone at 1-800-397-4209, or 301-415-4737, or by e-mail at pdr.resource@nrc.gov.

The comment period for the CR-3 draft SEIS ends on July 25, 2011. The NRC staff will consider all comments on the CR-3 draft SEIS and make any necessary revisions to the document prior to issuing its final SEIS.

**AGENDA FOR PUBLIC MEETING TO DISCUSS THE
DRAFT SUPPLEMENTAL ENVIRONMENTAL IMPACT STATEMENT FOR THE
LICENSE RENEWAL OF CRYSTAL RIVER UNIT 3 NUCLEAR GENERATING PLANT**

TUESDAY, JUNE 28, 2011

Two Meeting Sessions - 2:00 p.m. to 5:00 p.m. and 7:00 p.m. to 10:00 p.m.*

- | | | |
|------|---|----------------------------|
| I. | Welcome and Purpose of Meeting | 10 minutes (George Smith) |
| II. | Overview of License Renewal Process | 10 minutes (Daniel Doyle) |
| III. | Results of the Environmental Review | 30 minutes (Daniel Doyle) |
| IV. | How Comments can be Submitted | 5 minutes (Daniel Doyle) |
| V. | Public Comments | As Required (George Smith) |
| VI. | Closing/Availability of Transcripts, etc. | 5 minutes (George Smith) |

*The NRC staff will host informal discussions one hour prior to each meeting session. No formal comments on the Draft Supplemental Environmental Impact Statement (DSEIS) will be accepted during the informal discussions. To be considered, comments must be provided either at the transcribed public meetings (see agenda, above) or in writing, as described in the attached *Federal Register* Notice.

ENCLOSURE 2

**Welcome to the NRC's Open House
Associated with the Environmental Review for the Proposed
License Renewal of Crystal River Unit 3**

This open house is intended to provide an opportunity for interested members of the public and staff from other Federal, State, and local agencies to interact with NRC staff in an informal information exchange.

The NRC is gathering information necessary to prepare a Supplemental Environmental Impact Statement (SEIS) to the Generic Environmental Impact Statement (GEIS) for License Renewal of Nuclear Plants, regarding the proposed renewal of the operating license for Crystal River Unit 3. Please note that if you wish to provide formal comments regarding the draft supplemental environmental impact statement (DSEIS), they must be presented at today's transcribed public meetings or provided in writing by **July 25, 2011**. Comments received after this date will be considered if it is practical to do so, but the NRC staff is able to assure consideration only for comments received on or before this date. Written comments on the DSEIS should be sent to:

Cindy Bladey, Chief
Rules, Announcements, and Directives Branch
Office of Administration
Mailstop TWB-05-B01M
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Comments may also be submitted electronically at the Federal rulemaking website, <http://www.regulations.gov>. Search for documents filed under docket ID NRC-2009-0039.

Thank you for your participation.
