Payment Methods

Estimated burden per response to comply with this voluntary collection request: 5 minutes. This collection solicits information that will allow the respondent to transfer funds electronically. Forward comments regarding burden estimate to the Records Management Branch (T-6 F33), U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, and to the Paperwork Reduction Project (3150-0190), Office of Management and Budget, Washington, DC 20503. If a means used to impose an information collection does not display a currently valid OMB control number, the NRC may not conduct or sponsor, and a person is not required to respond to, the information collection.

The following are payment methods accepted by the NRC for payment of an annual fee, a proposed or imposed civil penalty, a full cost licensing or inspection invoice, an application fee, a revision to a reciprocity application, a registration fee, or other fees.

PAYMENT BY AUTOMATED CLEARINGHOUSE

The Automated Clearinghouse (ACH) Network is a highly reliable and efficient nationwide batch-oriented electronic funds transfer system. The ACH is governed by operating rules that provide for the interbank clearing of debit and credit transactions and for the exchange of information among participating financial institutions.

A growing number of transactions involving the collection of funds by Federal agencies are being made through the ACH Network. The Federal government is the largest single user of the ACH Network, originating and receiving millions of transactions each month. At the NRC, collections via the ACH Network have been increasing each year since 1996.

ACH offers several advantages over checks:

- Preferred method of payment
- Provides automatic bill payment
- Eliminates postage fees
- Eliminates lost checks
- Eliminates late payments and associated late charges
- Reduces check writing and reconciliation fees
- Least expensive of all electronic collection systems
- Both payment and refunds (debits and credits) can be processed through the ACH network

To respond to the growing needs of companies to electronically send payment information as well as payments between trading partners, the ACH system incorporated Corporate-to-Corporate payments. Because of the importance of moving information quickly, the NRC can now accept electronic payment through our Corporate-to-Corporate payment program.

To pay by ACH, you may obtain a copy of NRC Form 628, FINANCIAL EDI AUTHORIZATION, by calling the NRC's collection service provider at (301) 415-3878.

PAYMENT BY CREDIT CARD

The NRC is currently accepting credit cards for payment of annual fees, full cost licensing and inspection fees, new license fees, revisions to reciprocity applications, civil penalties, and other fees. We accept Visa, MasterCard, American Express, and Discover. If you wish to pay by credit card, complete the authorization form included with your invoice or civil penalty. You may also print a copy of the form from the NRC Web site. The URL is <http://www.nrc.gov>. Select Business with NRC; then select License Fees; and scroll down to Payment Terms, Options and Forms. The authorization form is NRC Form 629, Authorization for Payment by Credit Card.

Mail the completed credit card authorization to: **DISCOVER** FINANCIAL SERVICES
 U.S. Nuclear Regulatory Commission
 U.S. Bank
 P.O. Box 979051
 St. Louis, MO 63197-9000

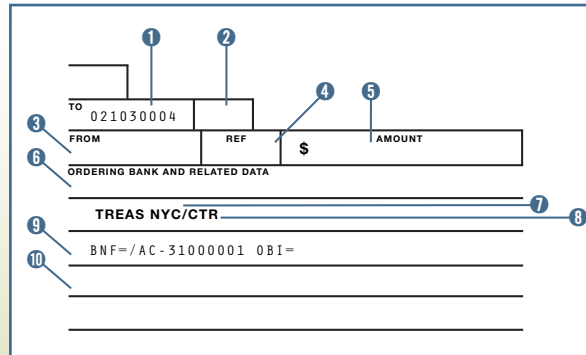

Be sure to reference your invoice number if you are paying a bill. If you are submitting an application fee for a new license or a revision to a reciprocity application, just state this in the invoice field.

If you are paying a civil penalty, reference the EA number in the invoice field.

PROCEDURE FOR ELECTRONIC FUNDS TRANSFER

The NRC can receive funds through the U.S. Department of the Treasury (Treasury) Fedwire Deposit System. The basic wire message format below complies with the Federal Reserve Board's standard structured third-party format for all electronic funds transfer (EFT) messages.

See sample EFT message to Treasury above. Each numbered field is described below:

- 1 RECEIVER-DFI#** - Treasury's ABA number for deposit messages is 021030004.
- 2 TYPE-SUBTYPE-CD** - The sending bank will provide the type and subtype code.
- 3 SENDER-DFI#** - The sending bank will provide this number.
- 4 SENDER-REF#** - The sending bank will insert this 16-character reference number at its discretion.

5 AMOUNT - The transfer amount must be punctuated with commas and decimal point; use of the "\$" is optional. The depositor will provide this item.

6 SENDER-DFI-NAME - The Federal Reserve Bank will automatically insert this information.

7 RECEIVER-DFI-NAME - Treasury's name for deposit messages is "TREAS NYC." The sending bank will enter this name.

8 PRODUCT CODE - A product code of "CTR" for customer transfer should be the first data in the RECEIVER-TEXT field. Other values may be entered, if appropriate, using the ABA's options. A slash must be entered after the product code.

9 AGENCY LOCATION CODE (ALC) - THIS ITEM IS OF CRITICAL IMPORTANCE. IT MUST APPEAR ON THE FUNDS TRANSFER DEPOSIT MESSAGE IN THE PRECISE MANNER AS STATED TO ALLOW FOR THE AUTOMATED PROCESSING AND CLASSIFICATION OF THE FUNDS TRANSFER MESSAGE TO THE AGENCY LOCATION CODE OF THE APPROPRIATE AGENCY. The ALC identification sequence can, if necessary, begin on one line and end on the next line; however, the field tag "BNF=" must be on one line and cannot contain any spaces. The NRC's 8-digit ALC is: BNF=/AC-31000001

10 THIRD-PARTY INFORMATION - The Originator to Beneficiary Information (OBI) field tag "OBI=" signifies the beginning of the free-form third-party text. All other identifying information intended to enable the NRC to identify the deposit—for example, NRC annual fee invoice number, description of fee, 10 CFR 171 annual fee, and licensee name—should be placed in this field.

The optimum format for fields 7, 8, 9, and 10 using an 8-digit ALC is as follows:

TREAS NYC/CTR/BNF=/AC-31000001 OBI=

The optimum format, shown above, will allow 219 character positions of information following the "OBI=" indicator.

If the licensee's bank is not a member of the Federal Reserve System, the non-member bank must transfer the necessary information and funds to a member bank, which then must transfer the information and funds to the local Federal Reserve Bank.

For transfer of funds from local Federal Reserve Banks to be recorded on the same day, the transfer must be received at the New York Federal Reserve Bank by 4 p.m., EST. Otherwise, the deposit will be recorded on the next workday.

PAYMENT BY CHECK

Checks should be made payable to the U.S. Nuclear Regulatory Commission with the invoice number, EA number, or other information which identifies the payment, written on the check. Mail the check to:

U.S. Nuclear Regulatory Commission
 U.S. Bank
 P.O. Box 979051
 St. Louis, MO 63197-9000
