## **Online Registration Open for Fuel Cycle Information Exchange, June 10-11 in Rockville, Md.**

Online registration is open for the Nuclear Regulatory Commission's 9<sup>th</sup> annual Fuel Cycle Information Exchange, to be held June 10-11 at the agency's headquarters in Rockville, Md. This event allows NRC staff, licensees and interested stakeholders to discuss regulatory issues related to uranium enrichment and conversion, nuclear fuel fabrication, and the deconversion of depleted uranium tails.

NRC Chairman Allison Macfarlane will deliver a keynote address on June 10. The conference will include discussions and presentations on nuclear safety standards, guidance development and rulemaking, operating experience, security and safeguards, and emergency planning.

The conference will run from 8:30 a.m. to 4:30 p.m. each day in the NRC Auditorium and portions will be webcast. Visitors will need to enter at the agency's One White Flint North building, 11555 Rockville Pike, in Rockville. More information about the conference, including online registration, is available at the NRC [website](#).
