SUBJECT: SCHEDULE REVISION FOR THE REVIEW OF THE LASALLE COUNTY
STATION, LICENSE RENEWAL APPLICATION (TAC NOS. MF5347 AND
MF5346)

Dear Mr. Gallagher:

By letter dated July 16, 2015, Exelon Generation Company, LLC requested to reschedule the Advisory Committee on Reactor Safeguards (ACRS) subcommittee meeting for the LaSalle County Station, Units 1 and 2 (LSCS), license renewal review from March 2016, to April 2016. The safety evaluation report (SER) with Open Items and the final SER dates have been adjusted from their original dates to February 2016 and June 2016, respectively, to reflect an earlier anticipated final SER issuance. Additionally, due to the anticipated completion of the staff's final SER ahead of the original schedule, the ACRS full committee meeting is being rescheduled from September 2016 to July 2016. Enclosed is a revised schedule for the review of the LSCS license renewal application that reflects these changes, and no other safety review schedule changes have been made. There are no environmental review schedule changes.

If you have any questions regarding the revised schedule, please contact Mr. Jeffrey Mitchell, Project Manager, by telephone at 301-415-3019 or by e-mail at Jeffrey.Mitchell2@nrc.gov.

Sincerely,

/RA/
