Tom and Osiris,

Good morning. Following yesterday's conference call, I discussed the transfers of control with my colleagues in France. They reported as follows: the shares of AREVA Nuclear Materials LLC will be contributed from AREVA SA to New AREVA Holding SAS on November 10th and that we are certain that such contribution will occur before end of this year.

To be certain, however, I believe it would be wise to use January 1, 2017 as the deadline in the order issued by NRC.

Please let me know if you have any questions.

David

I have a management meeting from 10:30-noon. Can we squeeze in a call at 10:20, even 10:25? I think this will be short.

Subject: Update on the status

David, Gary, and Gayle,

Can we have a quick call this morning to bring you up to date on where we stand?

We have had a couple of issues that have come up that we need to bring to your awareness.

Regards,

Thomas A. Grice, Chief
U.S. Nuclear Regulatory Commission
Office of Nuclear Material Safety and Safeguards
Division of Fuel Cycle Safety, Safeguards, and Environmental Review
Enrichment and Conversion Branch
